

EDUCATION PHILOSOPHY CORE VALUES AND MISSION STATEMENT

School District No.73 Business Company provides distributed learning courses to non-resident students. Upon successful course completion the students' home school can use the B.C. Ministry of Education equivalency process in order to award course credit toward a BC Graduation certificate.

School District No.73 Business Company strives to offer non-resident learners a superior BC educational program, taught by BC certified teachers. We strive to provide the highest quality, interactive and engaging opportunities and assessments that are suited to the individual needs of international students.

VISION

Provide international students a superior BC education by means of distributed learning.

MISSION

Provide professional specialized education through experienced teachers and quality tools.

VALUES: Adaptable, Responsive, Inclusive, Dedicated, Supportive, Flexible and Intercultural understanding

Key Strategic Goals:

1. Create a sustainable business model
2. Increase brand awareness
3. Deliver superior distributed learning experience for students
4. Increase student supports

School District 73-Global Education Program consists of:

1. A course delivery platform that is tested and delivers quality BC educational programming.
2. A comprehensive suite of instructional strategies in order to provide a quality online student experience. Strategies include online videos, interactive live lessons via Zoom, email and chat tools.
3. A platform which allows for interaction with BC certified teachers that are experienced in teaching in online environments.
4. Experienced teaching staff for ELL learners.
5. A communication strategy and supportive model dedicated to improving student outcomes.
6. An online platform offering asynchronous and synchronous courses where student support is built into a students' educational program.

Administrative Procedures 100.1

7. A 2+1 Program that is structured and provides a pathway to a British Columbia school.
8. A flexible and affordable educational experience for students.
9. Strict adherence to all B.C. Ministry of Education policies pertaining to the delivery of online courses to non-resident learners pursuing a B.C. Graduation certificate.

Special Features

1. School District No.73 Business Company offers a 2+1 Program that is a flexible and affordable pathway program for students attending a local school in their home country. Students are provided comprehensive support to attain English language proficiency, and courses which, upon successful completion, allow the home school to grant equivalency credits according to B.C. Ministry of Education policy.
2. Model of Delivery: Both asynchronous and synchronous course delivery models are used, depending upon individual student needs and home school requests.
